BTech	Electronics and Communication Engineering	Assam Don Bosco University	7.79/10 CGPA	2021
XII (AHSEC)	Science	Swadeshi Academy Jr College	67%	2017
X (SEBA)	General	Guru Nanak National High School	81%	2015

Experience

MicroSave Consulting (MSC)

Jun 2025 – Present

Associate, Delhi (Onsite)

- Led the end-to-end development of an internal analytics tool leveraging NLP techniques (word cloud generation), to extract dominant themes from large volumes of unstructured textual data, significantly enhancing the speed and quality of qualitative research insights.
- Conducted in-depth analysis of the World Bank's Findex 2025 dataset using predictive machine learning models to identify behavioral patterns in financial inclusion across demographics, delivering actionable insights that supported data-driven strategic planning for outreach initiatives.
- Completed MI4ID training and conducted a field assignment on supply chain finance in Delhi (sample size: 30); delivered data-driven recommendations on product features and go-to-market strategy to senior leadership, improving alignment with end-user needs.

Tata Consultancy Services (TCS)

Aug 2021 – Jun 2023

Assistant Systems Engineer, Kolkata (Onsite)

- Streamlined global operations by managing Oracle E-Business Suite DB and application servers for a Fortune 500 aluminum client; executed Periodic Average Costing and proactive health checks, improving financial reporting accuracy and system uptime across multi-region environments.
- Led IT automation and incident management on the IGNIO BAU team, coordinating with AI-led ops teams to reduce manual interventions by 60%, improve compliance by 40%, and cut downtime through Excel-based tracking, root-cause analysis, and real-time troubleshooting on Linux servers.
- Enabled cross-functional delivery and governance by facilitating infrastructure transitions via ServiceNow, safeguarding credentials across cloud systems, and mentoring new joiners (ASE-T & GT designations), accelerating onboarding and ensuring continuity for global IT support projects.

Internships & Field Work

Indian Forest and Wood Certification Scheme (IFWCS) "PRAMAAN"

Nov 2023 – Dec 2023

Project Intern, Bhopal (Onsite)

- Enabled audit-ready forest certification by leading pre-assessments, coordinating field teams, and supporting CAPs and documentation.
- Strengthened forest management through field data analysis and stakeholder engagement for informed decisions and certification.

Energy Alternatives India (EAI)

Apr 2024 – Jun 2024

Strategy Consulting Intern, Chennai (Onsite)

- Provided strategic consulting to a Dutch fuel firm through market research on sub-Himalayan pine needle biomass, guiding sustainable sourcing.
- Led digital product strategy, driving 326% engagement growth through 320+ content pieces and a 350+ green energy leader database.

Chhattisgarh Forest and Climate Change Department (CFCCD)

Dec 2023 – Jan 2024

Field Work, Jagdalpur (Onsite)

- Led a 2800-hectare field survey in Bastar, Chitrakote, and Jagdalpur, documenting forest trends, agroforestry growth, and rising ecotourism; reported key issues like poaching and plastic pollution.
- Managed logistics and finances between the field team and IIFM, ensuring smooth operations and timely reporting.

National Thermal Power Corporation Limited (NTPC)

Jun 2019 – Jun 2019

Student Intern, Kokrajhar (Onsite)

- Monitored industrial C&I systems, ensuring regulatory compliance and equipment health through effective documentation practices.
- Prioritized shift safety protocols and preventive measures, improving operational reliability and system performance.

Skills

- Consulting Skills: Project Management, Stakeholder Engagement, Cross-functional Coordination, Field Research, Communication
- Technical Skills: Microsoft Office (Word, Excel, PowerPoint), Python, Google Suite, IT operations, Agile Methodologies, Prompt Engineering
